Talking Cities - The Micropolitics of Urban Space

an Exhibition at ENTRY2006 - Perspectives and Visions in Design

August 26th to December 3rd 2006 at Zeche Zollverein, Essen, Germany

Talking Cities features innovative international design, architecture and spatial interventions in a trans-disciplinary exhibition platform. The 35 protagonists create a dense collage of statements, designs and installations: a collective dialogue on reconfiguring and reactivating the marginal, residual and public spaces of our contemporary cities.
